

The NORTHVIEW School Song -

Words by Susan James and music by Jaap van Opstal

Pupils of Northview, so are we all
At learning and pleasure take heed to our call
May loyalty and truth be foremost always,
And the spirit of unity to the end of our days.

Lessons in classrooms, games on the field,
Dramatics, debating, our skills have revealed.
But memories will last, as long as life stays,
Of the friendships of Northview High,
And those glad carefree days.
