

## Willy Stolzenberg – RIP

*pictures by Filo Stolzenberg (other as indicated)*

Willie passed away a few years from throat cancer. We were friends from primary school till the day he passed away. He ran two successful businesses in Johannesburg, played many sports and is survived by a daughter, Kim, who lives in Las Vegas. His brother Martin lives in Palm Springs (or now in California) and his brother Lawrence lives in London.

*by Michael Levy (Class of '63) [Ed – provided to us before Mike died]*

Willie married Peggy and their daughter Kim is married and has two children. Willie married twice more, once to Charmaine, and then to Filo, who was with him for over 20 years. Willie was a great sportsman, running ultra marathons and an excellent golfer, playing at Kyalami and Killarney clubs. He and Mike were childhood friends with the special bond that comes with friendship through primary school and beyond. He was an accountant and had a few different companies mainly in the automotive world, the last of which Filo is now running.

10 months before he  
died – always ready to  
party

Golf day with clients

A very keen and good golfer – he wanted to get a hole-in-one before he died; a goal he accomplished two years before his passing.
